

Overview

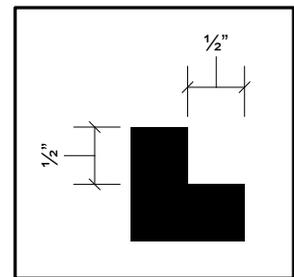

Notes:
* All round holes are measured to the center of the circle

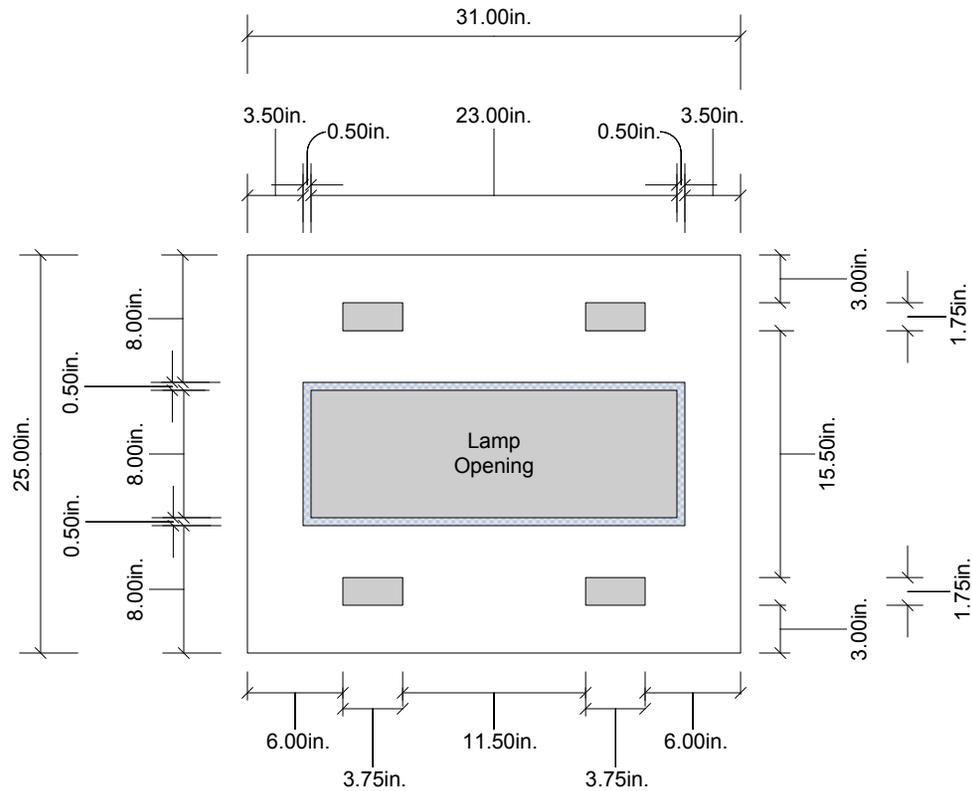

Top

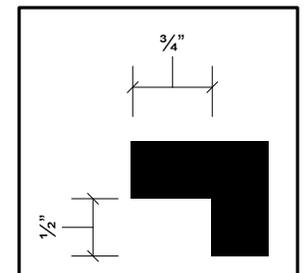

- * Inset edges are 1/2" wide and 1/2" deep on all sides of the lamp openings and the removable lid.
- * Measurements for insets are to the outside edge, not the inside edge.
(opening is actually 8" by 23" wide for outside two and 23" by 29" for lid)
- * (3) Holes on top are 1/2" diameter

Lid (Top)

- * Middle inset edges are $\frac{1}{2}$ " wide and $\frac{1}{2}$ " deep on all sides.
(This is the same size as the lamp openings on the top)
- * Bottom edges of lid are $\frac{3}{4}$ " wide and $\frac{1}{2}$ " deep, although on the bottom (see insert).
- * (4) Rectangle openings are 3.75" by 1.75" (holes do not have rounded edges).
- * Is it possible to round the top outside edges of the lid?

Bottom

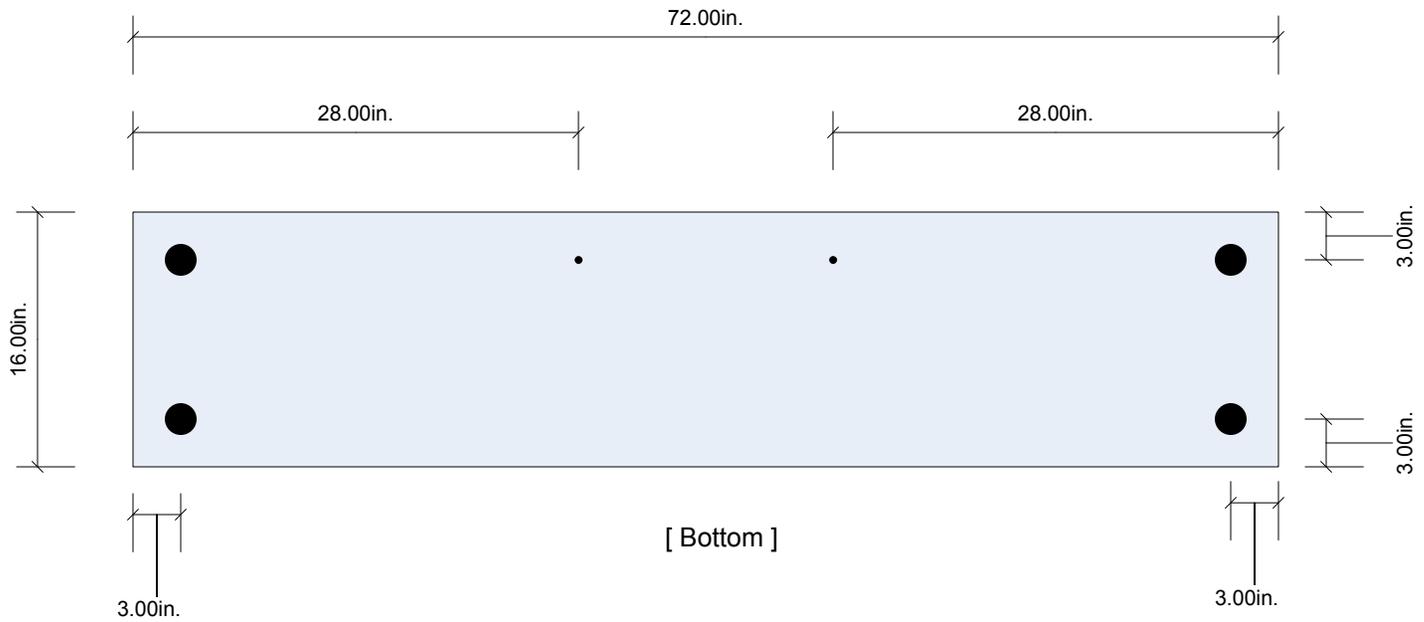

[Front Edge]

* (1) Hole is 2" in diameter.

Front

* (4) Holes on the ends are 2" in diameter.
* (2) Middle holes are 1/2" in diameter.

Sides (x2)
